VIDEO NOTES

ON YOUR OWN BETWEEN SESSIONS

This Week's Reading Tips

- Memorize your mission, which is: *to read, attentively, every word of the Bible in 90 days.*
- Don't expect to be able to consciously recall everything you read. At this point, focus on what you *can* recall and *don't worry about the rest.*
- Don't expect to understand everything you read. Pay attention to what you *do* understand and *don't worry about the rest.*
- At least once during this week, try breaking up your daily reading into two or more sessions.

Genesis Overview

Genesis is the book of beginnings and sets the stage for everything that follows in the Bible. It establishes God as the creator of all that is—in heaven, on earth, and beyond. It focuses on the essential relationship of humanity, the relationship between God and the people he created. In Genesis we see Satan entice Adam and Eve to disobey God, which establishes the central conflict of human history. The remainder of the Bible is the story of how God resolves that loss of relationship throughout human history.

Exodus Overview

Exodus is not only the story of Israel's departure from the land of Egypt, it is the story of Israel's departure from the lifestyle of Egypt. It is not merely a journey of time and distance, it is a journey of the heart as a holy God prepares his chosen people to live the life he offers in the land he has provided. What a journey it is as God reveals himself and invites his people into relationship with him!
